

Management of road maintenance contracts

International cycle

Public

Leaders and senior executives of the Agencies and National Road Administrations.

Persons in charge of the markets management or the legal equipments directly implied in the management of the markets, or in the operational plan, or in the planning of the general policies to adopt.

Context - Objectives

This formation will contribute to:

- to link their operational experience with the principles and rules of the public contracts and markets,
- to structure and complement the legal, technical and economic knowledges of the participants,
- to be able to manage tender markets and procedures,
- to identify the critical and most difficult points to treat:
- to choose the best adapted method to the local characteristics of the road maintenance market.

This formation is carried out in collaboration with the World Bank (SSATP/IRM)

Paris	Wednesday June 25 - Saturday June 28, 2008	Inscriptions: Tel.: +331 4458 2827 Fax: +331 4458 2830	Session n° 48030	2 100 € HT + VAT Lunches included
