### friday 10<sup>th</sup> june

#### Workshop – Power project

Participants will be divided into groups representing a borrower and a lender. They will have to negotiate the best project financing proposal given the interests they represent and on the basis of a financial model they will have to develop. Results of the negotiations and financial models achieved will be discussed at the end of the workshop

M. COHEN

#### Workshop – Water project

Participants analyse a finance modelling of a water project with computers. They will be asked to compare various solutions with respect to the influence of given parameters
