PONTS FORMATION CONSEIL
Vecteur de performance

This seminar is organized with the collaboration of the Réseau International des Organismes de Bassin (RIOB)

Its objectives are to allow the course participants to :

- Identify the legal, institutional, technical and financial factors that are required for global management of water resources,
- Select the appropriate solutions for institutional, technical and socio-economic issues,
- Manage the framework and procedures the participants need to set up a water agency

Targeted audience

Managers in administrations and local authorities (Ministry, national and regional agencies...)

Organization

Virginie Pac
Metrattech

Coordination

Arnaud COURTECUISE
Agence de l'Eau (Water
Agency) Artois-Picardie
